

Maps

The District Plan includes a range of spatial layers that are shown on maps that form part of the Plan, including zones, overlays, site-specific controls, development areas and designations. The maps can be viewed on the council's online map viewer or downloaded from Data.govt.nz. The viewer includes other layers for context or convenience, but layers other than those listed below do not form part of the plan.

The District Plan's spatial layers are:

Category	Spatial Layer
